

Please do not change the current telemarketing law as it stands today 2/2/2005.

The current Wisconsin law, which allows only one call to former customers, was based on the strong voice of Wisconsin citizens saying they do not want to be telemarketed by any business with as few exceptions as possible.

I as a Wisconsin citizen need to make it clear to the Federal government that I do not want to be exposed to telemarketing from a businesses or its affiliates simply because we have had contact with the business. We as citizens need to make certain that the FCC puts consumers, not big telemarketers, first."
